education

- 2009–2013 **Master's in Physics - 2.1** Royal Holloway, The University of London
Integrated masters degree with modules in: Statistical Mechanics, Computing and Statistical Data Analysis, Particle Physics, Advanced Cosmology, Physics at the Nanoscale and Quantum Mechanics.
- 2005–2009 **A-Level:** Mathematics, Physics and Economics Christ's College Finchley
GCSE: Mathematics, Biology, Chemistry, Physics, History, Geography, French, I.T., English Language and English Literature

experience

- 2014 **Amazon UK** Hemel Hempstead
Warehouse Stower
Inventory stock taking, whilst working in part of a large and diverse team. Furthered utility to managers by training in other directed tasks, such as inventory verification using the computer system, handling inbound deliveries from other warehouses and being responsible for securing high value items.
- 2009 **Clintons Solicitors** London
Summer Internship
Assisted with pro bono cases by undertaking case reviews for the paralegal team. Processing all case correspondence between counterparties and the courts, involving researching precedents in the law library, before producing a concise report for my supervisor.
- August, 2008 **HypoVereinsbank, UniCredit Bank AG** London
Work Shadowing
Overview of the corporate banking structure by shadowing key personnel within the company. Learned the use of banking services in the handling of large loans and investments, how trades are settled and in controlling how a companies budget is managed.
- July, 2008 **Pittalis Gilchrist Accountants** London
Work Experience
Working on accounts for a portfolio of clients, which developed numeracy and data analytical skills as well as strengthening my proficiency with large data sets.

computer skills

Basic: C++, Java, Adobe Photoshop, Website Design in PHP, HTML and CSS
Intermediate: MS Word, Excel and PowerPoint, Wolfram Mathematica, LaTeX
Advanced: Computer Hardware and Support for Windows, Linux and Mac

interests

Enjoys reading and keeping up to date with technology, science and current affairs. A keen chess player, participating in friendly matches and competing in online tournaments, as well as a passionate football fan, avid jogger and strong squash player.
